COMPLIANCE

All of our frameworks are national, fully compliant and adhere to the latest Public Contracts Regulations (2015). As well as being able to offer you full PCR 2015 compliance and strong buying power, we provide terms and conditions that are designed specifically for the public sector to protect you. There is no necessity to run a full tender as we have already done the hard work for you.

EASY TO USE

Our ready-made frameworks are convenient and simple for all customers to access. We help make the end-to-end procurement process as easy as possible to ensure everyone gets their desired outcome.

SECTION FOUR – HOW TO USE THE FRAMEWORK

This framework allows for customers to place their orders via direct award or further competition.

The customer is strongly advised to carry out their own due diligence before selecting whether they conduct a further competition or direct award with any of the awarded suppliers. The customer will determine the requirement, specification and award, based on the Most Advantageous Tender (MAT).

DIRECT AWARD

Placing an order with any capable supplier awarded on the framework, without re-opening competition, following the criteria set out below.

Regulation 33(8)(a) of the Public Contracts Regulations 2015 (PCR 2015) sets out the criteria for making a direct award where a framework is concluded with more than one supplier:

- All the terms governing the provision of the works, services and supplies concerned are set out in the framework, and
- The objective conditions for determining which of the suppliers on the framework shall perform them are set out in the procurement documents.

In accordance with the above regulation, direct award orders may be placed under this framework provided the customer can meet any one of the following objective conditions:

- Customer is satisfied that, following their own due diligence, they can identify the supplier that offers best value for their requirement
- The supplier is able to supply the required services within the customers timescales
- The supplier achieved the highest total score during the evaluation process
- Services required are unique/exclusive to one supplier
- Continuity of existing services from an awarded supplier

SECTION FIVE – BENEFITS AND KEY POINTS

All our frameworks are free to access.

This framework is fully compliant with the Public Contracts Regulations 2015.

Authorised participants can **re-open competition** within the framework, removing the need for a full tender exercise or lengthy supplier evaluation each time they have a Grounds Maintenance & Associated Services requirement, saving time and costs associated with procurement exercises.

Direct award capability giving you a quick, easy and PCR 2015 compliant route to procurement.

The terms and conditions are safe and designed to protect you.

Free and full support on using the framework through the Procurement Services team.

You are able to benefit from aggregated spend and lower pricing based on the value of the overall contract, even on low spend orders.

The framework will be managed and monitored by Procurement Services (acting for Kent County Council) on behalf of our customers and your views and requirements will be taken into account when reviewing and developing the contract.

Social value is an increasingly important way in which we look to support our customers and communities throughout the UK. Social value is now a 10% weighting within every single new framework, so we can be certain that we are awarding suppliers who are committed to contributing to communities.
