Introduction to Procurement Services Vehicles

✓ Who are we?

Procurement Services is a part of Commercial Services Group and we are wholly owned by Kent County Council. We are part of one of the largest local authority trading organisations in the UK and a leading supplier of procurement frameworks.

✓ How are we compliant?

- All of our public sector frameworks created before 24th February 2025 are PCR 2015 compliant, in line with UK and EU purchasing regulations.
- All of our frameworks, launched after the 24th February 2025, are compliant to the new Procurement Act 2023 standards.

✓ What are the benefits of using us?

- Fully compliant procurement route.
- Over twenty years of experience in procurement.
- We offer competitive pricing.
- Unparalleled customer service and expert, unbiased advice.
- Simple-to-use frameworks and solutions with transparent processes.
- Bespoke solutions to meet your organisation's needs.

It's just that simple!

Our Solutions

✓ Leasing Solutions

- Dedicated team of procurement specialists with the support from dealers and lease companies to help with your specification.
- Quotes provided from a selection of approved framework suppliers with competitive pricing.
- Demonstrations of many vehicles are available.
- All vehicle options are available, including diesel, petrol, hybrid, electric.
- Contracts can run from a 24-60 month lease with your desired annual mileage.
- Full 12-month road fund licence.
- Management by our account specialists, who are experts in what they do.
- Any vehicle specification available.

✓ Purchase Solutions

- Flexibility of when to change or sell your owned vehicle.
- Dealer fit options available.
- Any required specification is available.
- Quotes provided from our fully approved network of suppliers.
- Access to all vehicles, including plant machinery and grounds maintenance equipment.

✓ Vehicle Daily Rental

- We have an established Vehicle Daily Rental framework, covering everything from daily to longer term rentals (in collaboration with TPPL).
- Through collaboration with our suppliers we provide rental vehicles ranging from a small car to a minibus, coaches, MCV's, sweepers and anything in-between.
- Our rental framework is flexible to your needs with timeframes that suit you along with competitive prices.

The Procurement
PARTNERSHIP

✓ One Stop Service

- We offer a range of vehicle solutions to take time off your hands.
- MOT and service reminders mean all bookings are hassle free.
- Daily Safety Check - access our speciality driver app for vehicle checks and scheduled reporting to managers as required.
- Penalty charge management eliminating stress for you.
- To be fully reassured that your vehicle is up to date with regular safety checks, ensuring it is road legal and compliant with regulations.

✓ Grey Fleet

- We offer grey fleet management to ensure your employees and vehicles are safe and following legal requirements for vehicles to be used for business use.
- Be reassured that employees are safe at work in their own vehicles.

✓ Telematics

- We offer telematics systems and bundles to fit your needs. They enable you to effectively manage your fleet, ensuring your vehicles are being used as they should.
- Telematics is a great way for companies to manage their vehicles all in one place and for any vehicle issues to be identified

✓ Coach Hire Service

- This service includes the hiring of both a coach and a professional driver to meet your travel needs.
- Ideal for school trips.
- Our team will take care of the booking arrangements to save your organisation's valuable time.
- All of our drivers are experienced and fully DBS checked, providing peace of mind for your safety.

✓ Salary Sacrifice Scheme

A salary sacrifice scheme is an employee benefit where an individual agrees to exchange part of their salary in return for a non-cash benefit, in this instance, an electric car. Once an individual accepts a salary sacrifice their overall pay is lower, so they would pay less tax and national insurance.

Benefits include:

- No initial upfront costs
- Flexible contract length and mileage
- Servicing costs
- MOT
- Tyres
- Protection against inflation for up to 3 years

Options for vehicle procurement

✓ What can we help with?

- Cars
- Vans
- Minibuses including light weight minibuses
- Coaches and buses
- Winter maintenance vehicles including gritters
- Waste management vehicles
- Specialist vehicles and equipment
- Mowers/tractors and equipment
- Plant machinery
- LCVs (light commercial vehicles)
- HGVs (heavy goods vehicles)
- We can also offer vehicle conversions, allowing us to cater to your specific needs such as improving accessibility.
