

Winter Gritting and Snow Clearance Services

When the temperatures plummet to sub zero depths or it starts to snow, the Highway and Council authorities grit our roads so that your staff and customers can reach you safely, but what happens when they turn off these roads? Are your premises safe in freezing weather?

FGS provide gritting and snow clearance services across the South.

- ❄ Office car parks and communal areas
- ❄ Industrial, commercial, retail and trade parks
- ❄ Public sites including schools, hospitals and doctors surgeries
- ❄ Private property, driveways and access roads
- ❄ 24/7 GPS tracked service delivery, security checked staff and electronic reporting
- ❄ Grit containers and salt supply available
