

Case Study - Initio Learning Trust with Caterlink

Growing with Initio Learning Trust: Caterlink are delighted to share the continued success of our partnership with Initio Trust through the nationally recognised PS Framework. What began with a contract at Queen Elizabeth's College has grown through a strong, open, and honest relationship that continues to deliver value for both parties.

Caterlink has worked in close partnership with the school to consistently deliver high standards of fresh, quality food and successfully introduce a new Sixth Form Café for their pupils.

Since the initial award, the Trust has expanded with us utilising the PS Framework, adding:

- Verwood First School
- St Michaels Middle School
- Emmanuelle Middle School
- Allenbourn Middle School
- Corfe Senior School and 6th Form

Queen Elizabeth's College has also extended its contract for five more years with Caterlink through the PS Framework until December 2029 and we look forward to further opportunities through utilising this framework in the future.

We're proud to be part of this journey and excited to continue supporting the Trust as it grows. It's allowed clients such as Initio Learning Trust to confidently award contracts to Caterlink without the need for lengthy tender processes, giving us the opportunity to build long-term, trusted relationships across multiple sites.
